9 February 1965

**MEMORANDUM FOR THE RECORD**

Lieutenant General Charles H. Bonesteel, Director of Special Studies, Office of the Chief of Staff, Army, called me today to say that he has been put on a McNamara project known as the JCS Hellenic Defense Study which is designed to send a team to Greece to analyze their defense problems.

25X1

I told General Bonesteel that we would do this and also offered to have one of our Greek experts give him a 30-minute briefing. He accepted this offer enthusiastically and would hope to get such a briefing tomorrow in his office.

25X1

I plan [ ] to make arrangements for this briefing and to take all other required action as appropriate in this matter.
